HEREBY DECREES

Subject of the notice

1.1 The University of Siena hereby establishes, for academic year 2019/2020, the Advanced Scientific Training and Continuing Development Programme of the Department of Molecular and Developmental Medicine, at the end of which a second level Master's degree in "ADVANCED THERAPY AND TECHNIQUES IN MUSCULOSKELETAL DISORDERS" (hereinafter the university Master's programme) will be awarded.

1.2 The Master, specifically tailored for second cycle Phytotherapy graduates (*Laurea Specialistica* or *Magistrale* in Rehabilitation Health Professions) and for Doctors specialized in physical and rehabilitation medicine, orthopaedics, sports medicine and rheumatology, aims to train highly qualified professionals skilled in the evaluation, treatment and therapy of musculoskeletal disorders, in patients of all ages and every context. To this end, the in-depth study of innovation in this field from a multidisciplinary and international perspective is an integral part of the programme. The programme is organized as monthly three-day meetings (Friday to Sunday), scheduled from February 2020 to July 2021. At the end of the programme students will know the functional and biomechanical anatomy of musculoskeletal apparatus; these competencies will be acquired through "anatomical dissection" and analytical interpretation of the biomechanics of movement. They will be able to: use innovative instruments for completing specific functional assessments of musculoskeletal and rheumatological disorders, integrated with diagnostic-assessment processes, tests and measurement scales of proven scientific validity from a biopsychosocial perspective; consider neuromusculoskeletal disorders and syndromes in light of the most important scientific evidence present in the literature; identify the limits of manual/rehabilitation treatment for specific clinical conditions, as well as conditions requiring the intervention of other professionals (so-called "red flags"), activating interdisciplinary collaborations with other health specialists; understand and apply advanced therapy techniques such as rehabilitative ultrasound imaging (RUSI), dry needling, percutaneous electrolysis, neuromodulation, manual techniques, the latest physical therapy techniques; multimodal and interdisciplinary approaches to chronic pain; know the nutritional and pharmacological basis for solving neuromusculoskeletal problems. This knowledge will be integrated with medical-legal and

psychosocial aspects relating to the proposed topics. At the end of the programme students must write a thesis based on knowledge acquired. The programme provides participants with professional skills and competencies in the field of musculoskeletal disorders that may be autonomously put to use both privately and in the public sector.

Enrolment procedure

6.1 The *Ufficio Master e Corsi* (Master's and Courses Office) will send, via the private email address indicated during the online registration procedure, specific notice to each applicant admitted to the Master's Programme regarding the deadline for enrolment through the "Segreteria online" service

Alternatively, notification may be sent by regular mail, telegram or fax.

Once the procedure has been completed, the system generates the payment form for the first/single instalment of tuition fees, in the amount established under par. 2 of this article.

The excess students indicated under art. 2 par. 6 are exempt from payment of tuition fees, but will nevertheless be required to pay the € 16.00 virtual stamp duty using the MAV bank form.

The MAV form in question is a payment slip that can be printed out and used at any bank in Italy.

Students can also pay tuition fees online using a credit card.

Esse3 (the computer system that manages student records) normally receives payment confirmation within 48 hours.

Once students have completed the online procedure correctly, they can print out their enrolment receipt.

Enrolment only becomes effective once the tuition fee has been paid. Those who have not paid the fee by the start of the programme will be considered withdrawn and will lose their student status.

Applicants of foreign and EU citizenship with an academic qualification obtained abroad must, on pain of exclusion from the programme, deliver or post the following documents to the Master's and Courses Office by the deadline indicated in the notification:

- a) original qualifications indicated in art. 4 above for applicants of foreign and EU citizenship with an academic qualification obtained abroad;
- b) copy of the residence permit for non-EU citizens as per art. 4, par. 1;

The original documents referred to in point "a" must be delivered or posted to the Master's and Courses Office, no later than 6 months from the start of the programme, under penalty of forfeiture. Until then, foreign students or students with a qualification obtained abroad will be considered "provisionally enrolled".

The enrolment procedure is only considered to be effectively completed once it has been verified that the applicant has met the admission requirements. Up until that time, enrolment is to be understood as provisional.

The Administration shall bear no responsibility for any lack of communication resulting from incorrect contact information provided by the applicant or the applicant's failure to notify or delay in notifying any changes in e-mail or mailing address, nor for any problems attributable to third parties, unforeseeable circumstances, or force majeure.

Pursuant to art. 75 of Italian Presidential Decree no. 445 of 28/12/2000, and without prejudice to the provisions of art. 76 in criminal matters, in the event that verification of self-certifications should reveal any false statements, the applicant in question shall forfeit any benefits resulting from the false statement itself.

6.2 The tuition fee amounts to **4500 Euros**, net of any duties and bank fees. This sum must be paid in two instalments:

- 1) the first **2500 Euro instalment**, to which the amount of € 16.00 must be added for virtual stamp duty, must be paid at the time of enrolment using the form specially downloaded during the online

procedure.

2) the second instalment, amounting to **2000 Euros**, must be paid by **15 October 2020**. Students may download and print out the MAV form by accessing the web page <https://segreteriaonline.unisi.it> using their Unisipass. No further communication will be provided regarding this deadline.

To quickly complete the procedure without any error, applicants are advised to send a copy of the MAV payment receipt to the Master's and Courses Office by e-mail (master-corsi@unisi.it) or fax. Proper enrolment in University of Siena programmes is subject to payment of the amounts due; payment of the first instalment secures enrolment.

If tuition fees are to be paid by a third party (Public Institution, Foundation, Company, etc.), contact the *Ufficio Master e corsi* (email master-corsi@unisi.it) before the deadline to receive the necessary instructions for payment.

Payment of tuition fees by a third party must be declared in a formal letter of commitment submitted by the deadline for enrolment.

66.3 As the programme falls within the scope of the University's institutional activities, and not its commercial activities, the fees are not subject to V.A.T. and no invoice can therefore be issued.

6.4 In the event that the minimum number of students indicated under art. 2, par. 5 of this notice should not be reached, the programme will be cancelled and the Administration will arrange for the reimbursement of the enrolment fee, excluding the amount of €16.00 paid for virtual stamp duty.
