The latter cannot exceed the limit of 10% of the total number of students, unless otherwise decided by the competent body with a motivation, and, however, this number cannot be less than 1.

If students, in possession of both requirements, exceed the limit defined above, the benefit will be granted on the basis of the admission ranking.

In the event that the number of applications for admission does not exceed the places foreseen in the selection notice, the decision-making body of the course will identify the objective criteria on the basis of which to attribute the aforementioned benefits.

5.5 In case of equal merit among suitable applicants, the youngest will be admitted.

5.6 In case of waiver, the following applicants on the merit ranking will be admitted. In this sense, the substitutions will be carried out until the beginning of the courses.

Enrollment procedure

Alternatively, the notice may be sent by post or telegram or fax.

At the end of the procedure, the system generates the payment form for the first/single installment of university fees for the amount established in the following paragraph 2 of this article.

The supernumeraries provided for in art. 2 paragraph 6 will be exempt from the payment of registration fees but will in any case be required to pay the electronic mark for stamp duty in the amount of 16.00 euros via MAV.

The form in question is a MAV that can be printed and used for payment at any bank counter in Italy.

Students can also pay their fees online by credit card.

Normally, the payment data is transferred to Esse3 (computer system that manages the students' course of study) within 48 hours.

At the end of the online procedure, if carried out correctly, the student can print the enrollment memo.

Enrollment is completed only with the payment of the fee. Those who are not up to date with the payment of the fee at the beginning of the courses will have their course of study closed due to implicit waiver.

In the event of a merit ranking, failure to pay by the applicant placed in a useful position in the ranking determines the scrolling of the ranking until the required places are filled.

Applicants of foreign citizenships and EU citizens in possession of an academic degree obtained abroad must deliver or send to the Ufficio Master e Corsi (Master's degree and Courses Office) within the deadline indicated in the communication and under penalty of exclusion from the courses, the following documents:

Until then, foreign students or students with a degree obtained abroad will be considered "enrolled subject to conditions".

The final completion of the enrollment is conditioned by the verification of the possession of the requisites for access to the course. Until that moment, the registration is to be understood as subject to conditions.

The Administration assumes no responsibility for the dispersion of communications resulting from incorrect indication of contact details by the competitor or from failure or late communication of the change of address, either of e-mail and/or residence/domicile, nor for any misunderstandings in any case attributable to third parties, fortuitously or force majeure.
